New Departure, -- On and after December 1st, 1878, the store of Manning & Dack will be conducted on a cash basis. Every customer will be compelled to pay for his own goods. No extra profits for bad debts. We propose to sell goods cheaper than they have ever been sold in this market. We are compelled to this important step by several weighty reasons: First, we wish to encourage prompt payment. Sec ond, the prompt payer should not be compelled to pay an extra profit for the slow customer or the man that never pays. Third and most impor tant reason, we are not able to carry so large an amount of our capital on our books and keep up our stock of gnods. Good gilt edge customers will be allowed a credit of thirty days. If by agreement longer time is given, interest of 11/2 per cent. a month will be charged.
